Editorial Policy

Zeon Corporation and Zeon Group ("Zeon") publish a Corporate Report, which provides stakeholders with an overview of Zeon's business activities. The 2019 version of the CSR Report has been restructured on the basis of the core subjects of ISO 26000, the international standard for CSR. Highlights of 2019 CSR Report include Zetpol® in the Elastomer Business and Cyclo olefin polymers in the Specialty Materials Business. Besides bringing together information about Zeon's CSR approach and CSR measures, the CSR Report is also intended to function as a communication tool, with the aim of fostering dialog with Zeon's stakeholders, so that Zeon can play an even more useful role in the world. We look forward to hearing your frank comments and suggestions regarding the CSR Report, which can provide a useful reference for us in our future activities.
