**Publication of Zeon Group Integrated Report 2023**

Zeon Corporation

**Zeon Corporation (head office: Chiyoda-ku, Tokyo; President and CEO: Tetsuya Toyoshima) has published the Zeon Group Integrated Report 2023.**

Under its Medium-Term Business Plan STAGE 30, Zeon aims to attain its Vision for 2030 of becoming “a company that lives up to societal expectations and the aspirations of employees” through its SDG initiatives. Upholding our Corporate Philosophy of “Contributing to the preservation of the Earth and the prosperity of the human race” as our mission, we are working to realize a sustainable society by providing original technologies, products, and services that are in keeping with its name, derived from the Greek words “GEO” (Earth) and “EON” (eternity), by having each employee take actions with an awareness of sustainability and by engaging in dialogue and collaboration with our stakeholders.

Zeon will continue to engage in dialogue with all its stakeholders so that they gain a deeper understanding not only of its business activities but also its medium- to long-term initiatives through this report.
