Impact of the 2024 Noto Peninsula Earthquake (1st Report)

Zeon Corporation

We would like to express our deepest sympathies to all those affected by the 2024 Noto Peninsula Earthquake that occurred on January 1, 2024. We would like to inform you of the current impact of the earthquake on the Zeon Group, which is as follows.

(Information as of 11:00 a.m., January 4, 2024)

1. Status of Damage**(1) Impact on employees**

We have confirmed the safety of all employees of Zeon Corporation and the Group companies.

(2) Damage to assets and facilities

Himi Futagami Plant (Himi City and Takaoka City, Toyama Prefecture)	Operations at all lines have been suspended for equipment inspections.
Takaoka Plant (Takaoka City, Toyama Prefecture)	Operations at all plants have been suspended for equipment inspections.
Takaoka Plant of Zeon Medical Inc. (Takaoka City, Toyama Prefecture)	Operations are scheduled to resume on January 9 after equipment inspections.
Tsuruga Plant (Tsuruga City, Fukui Prefecture)	No abnormalities were found at the facility, and operations resumed on January 2.
Zeon North Co., Ltd. (Takaoka City, Toyama Prefecture)	No major damage was found, and normal operations resumed on January 5.

No major damage has been confirmed at other business sites, including those of Group companies, at this time.

2. Resumption of Operations

We are examining the prospects for resumption of operations at the Himi Futagami Plant and Takaoka Plant, and will announce the status as soon as it is confirmed.

3. Other Impacts on the Group**(1) Supply of products**

Although no abnormalities have been confirmed at production facilities other than the above-mentioned sites under suspension, the overall impact on road conditions and logistics may cause problems in shipping products to some areas.

(2) Impact on business performance

If the earthquake is expected to have a significant impact on the Group's business performance, we will promptly make an announcement.
