### Tokyo Zairyo establishes Chennai branch office in India

Tokyo Zairyo Co., Ltd. (head office: Chiyoda-ku, Tokyo; President: Yoshinobu Oi ), a wholly owned subsidiary of Zeon Corporation (head office: Chiyoda-ku, Tokyo; President and CEO: Tetsuya Toyoshima), established a new branch office in Chennai, Tamil Nadu, India, in November 2025. Full-scale operations have now commenced following completion of the necessary preparations. With this move, Tokyo Zairyo aims to further expand its business in the Indian market while building a structure capable of responding quickly to diversifying customer needs.

Tokyo Zairyo established its Indian subsidiary, Tokyo Zairyo (India) Pvt. Ltd., in 2011 with an office in Gurugram (formerly Gurgaon), in the northern state of Haryana. With this expansion into southern India approximately 15 years later, Tokyo Zairyo will strengthen its information services and user support by leveraging its networks within and outside India through close coordination between the two offices while engaging in the purchase and sale of a wide range of materials, including rubber, resins, and elastomers, for Japanese automotive parts manufacturers and processors in India.

Building in Olympia Technology Park that houses the Chennai office
