Company Policy (Executive Message)

Corporate Philosophy

We contribute to the local community with the awareness and pride of Zeon Corporation Group employees.

Our goal is to be happy to say we work for Zeon Yamaguchi, and to create friendships.

Quality Policy

In line with our goal of enhancing customer satisfaction, our professionally-minded personnel are constantly making use of our improved quality management system to create "better products, more reliably, and more safely."

* "better products" means always taking pride in the products that we manufacture, and meeting the standard of quality required by our company and by our customers.

* "more reliably" means winning customers' trust by using first-rate technology and skills to deliver products on schedule.

* "more safely" means working constantly to enhance CSR awareness and safety awareness, ensuring that work is performed safely and securely.

Enterprise Blueprint for 2020

Through both regional businesses reinforcing their environment-related business and Zeon Group businesses reinforcing their technologies and skills, become a stable corporation rooted in local communities.

President
Toshiyuki Koumura

Safety Initiatives

Policy

Enhance the overall level of employees' technical capabilities and skills and implement operational innovations, to create an enterprise the stability of which is founded on factory-floor excellence.

Relationship with Employees

Policy

Human resource development to build interpersonal and leadership skills

Specific Initiatives

1. Hold internal training for younger employees
2. Send employees to participate in various seminars; cumulative total of 17 seminars
3. Acquisition of public qualifications by employees; passing rate of 76.4%
4. Implement the ZΣ Activities, with at least four projects completed per year

Relationship with the Local Community

Foster a corporate culture that prioritizes CSR.

Specific Initiatives

1. Volunteer cleanups

Volunteers from Zeon Yamaguchi join volunteers from Tokuyama Plant and local residents in cleanups of the neighboring parks and roads next to the plant.

As a result of having undertaken water quality surveys of the Nishiki River, Zeon Yamaguchi personnel have also participated in clean-up activities for other rivers.
