

Zeon Chemicals (Thailand) Co., Ltd. (ZCT)

Company Profile

Business Description

Manufacture and sales of QUINTONE® petroleum resin

Established in 1996, Zeon Chemicals (Thailand) produces petroleum resin as Zeon Group's first petrochemical production company in Southeast Asia. ZCT products are sold in Thailand and shipped to countries in Asia, the Middle East, Europe, and other parts of the world. ZCT constructed a second plant in 2013 to meet strong demand.

Company Policy (Executive Message)

With "Team Work to Goal" as our watchword, we aim to safely produce products with consistent quality, and to be the Zeon Group's core manufacturing facility for C₅ petroleum resin.

I want ZCT to operate in harmony with Thai society and be a company that its employees can take pride in.

President
Kenichi Gotou

Safety Initiatives

Policy

Proceed with the implementation of the Process Safety Management (PSM) initiative that was launched last year in a systematic manner.

Implement thorough change management and risk assessment, and strive to build a factory that embodies safe, stable production.

Enhance the CSR awareness of all employees.

Specific Initiatives

1. Identify key issues based on the ISO 18001 standard, and take action to address these issues.
2. Step up our efforts to reduce process abnormalities (focusing in particular on the prevention of reoccurrence).
3. Implement "3S" (sort, straighten, scrub) activities
4. Conduct training to increase workers' knowledge of operations and operational competency.

Environmental Impact Reductions

Policy

Fully comply with laws and regulations

Specific Initiatives

1. Identify issues based on the ISO 14001 standard and address them
2. Analyze process data and aim to realize improvements to facilitate compliance with exhaust gas and wastewater standards
3. Comply with laws and regulations on soil and groundwater contamination
4. Study ways to reduce energy consumption

Environmental Data

Zeon Chemicals (Thailand) Co., Ltd. (ZCT)		FY2016	FY2017	FY2018	FY2019	FY2020
Industrial waste	Amount generated before compacting (tons)	2,601	2,619	2,504	2,364	2,178
	Amount sent to landfills (tons)	1,697	1,727	1,730	1,724	1,546
